VATCHFUL WAITING TO BE PRESENT POLICY OF JAPAN IN THE SIBERIAN SITUATION

question Absorbs Almost Entire
Attention of Press and
Public.

EDALS FOR U. S. HEROES

cognition. Planned for Men Who
Distinguished Themselves in Recent
Foul Battle; Heaviest Snowfall of
Winter Hails the Alps Campaign.

Bulletin.

PARIS, March 5.—A German attack last night on the trenches held by American forces in Lorraine was repulsed, the French official statement issued today announced.

American patrols operating in the same region the statement adds, took a number of German prisoners.

The attack was another of the numerous sudden strokes the Germans on this front have been launching recently on the American position and was delivered apparently with considerable force as it was one to warrant notice in the French official statement.

By Associated Press.

OKIO, March 5.—The Russian situation is completely absorbing the press and public. There have been frequent meetings of the Japanese in which, doubtless, the question was considered most fully, with full realization of theous nature of the responsibility involved.

ONDON, March 5.—It is understood, according to a Reuter dispatch in Tokio, that the Japanese government is extremely well informed of developments in Siberia but at sent is adopting a policy of watching-waiting. Japan is carefully avoiding the antagonism of loyalists who notwithstanding their need of assistance, appear to be extremely sensitive of outside interference.

CHINE GUN TROPHY
OF TOUT FRONT BATTLE

WITH THE AMERICAN ARMY IN FRANCE, MARCH 5.—A German machine gun in perfect condition may be sent to Washington as the first American war trophy. It was among a lot of materials dropped hastily by enemy when he retired from his feint attack on the American's last week. The weapon with its barrel of ammunition is now in possession of the intelligence.

DALS FOR HEROES

IN FIRST BATTLES OF WAR
WITH THE AMERICAN ARMY IN FRANCE, MARCH 5.—The first American to win the new American medal bravery in action probably will be who participated in Friday's successful fight with the Germans in the I sector. Among them undoubtedly will be some, if not all, of the men who were decorated yesterday by President Clemenceau. The fighting records of the various soldiers are being piled and on these records recommendations will be made by the general commanding the division.

MAN'S CONTINUE
ADVANCE ON PETROGRAD

ONDON, March 5.—Narva, 100 miles southeast of Petrograd has been captured by the Germans and enemy is reported to be continuing its advance on Petrograd, according to an Exchange Telegraph dispatch from Petrograd, dated Monday.

WIEST SNOW OF

WINTER FALLS IN ALPS

EN-DA, March 5.—The heaviest fall of the present winter of the Tyrolean Alps has occurred during the last 24 hours. The snow is three to six feet deep and is falling. On avalanche cut an Austrian military train in two south of on. Twenty-six officers and men killed.

RASIC NEW ORDINANCE GOVERNING EXCAVATION OF STREETS BEFORE COUNCIL

drastic new ordinance designed to an end to the damage to paved streets by making excavations for purpose of laying, repairing or wing gas, water and sewer pipes.

Its appearance in council last night with B. L. Berg, superintendent of the Department of Streets and Improvements as the father, on the enactment of the bill into it will be unlawful to dig up any street without a permit from city clerk. For the permit a fee will be charged where the area excavated does not exceed 24 square feet, with an additional charge cents per square foot where the is in excess thereof, the area to be estimated by the superintendent of streets. On completion of the work permit will be made and if ex- has been charged it will be re-

LEWELLYN MEMORIAL NEXT SUNDAY; COL. ROBBINS THE SPEAKER

COUNCIL THANKS JOE ANGLE AND SUPT. HALSTEAD

Resolution Expresses Appreciation of Services in Water Supply Crisis.

SITUATION IS DISCUSSED

Service Will Be Held in Scottdale M. E. Church; Flag to be Dedicated.

Special to The Courier.

SCOTTDALE, March 5.—Memorial services for Thomas Llewellyn who lost his life in the sinking of the transport Tuscarora will be held next Sunday afternoon in the Methodist Episcopal church in connection with the unveiling of a service flag to be presented by the Standard Bearers of the church. The service is set for 3 o'clock.

Col. Edward E. Robbins of Greensburg will make the address of the occasion. A gold star will be placed on the flag in memory of Llewellyn.

NEW LINE ACQUIRED

West Penn Interests Take Over Wellsburg-Steubenville Line.

By Associated Press.

WHEELING, W. Va., March 5.—The Wheeling Traction Company announced this morning the purchase of the Wellsburg, Weirton & Steubenville Traction Line extending from Wellsburg, W. Va., to Steubenville, O. This deal gives the Wheeling Traction Company a continuous line from Moundsville to Steubenville a distance of 35 miles.

At the same time the traction company announced the placing orders for 50 all steel pay-as-you-ear cars to replace those recently burned when the company's car barn here was partially destroyed by fire.

The Wheeling Traction company is a West Penn Power company interest.

IN FRONT LINE TRENCHES

New Salem Physician Spends 10 Days in Midst of Battle.

Dr. C. H. Davidson, formerly of New Salem, but now a lieutenant in the Medical corps of the American Expeditionary Forces, spent 10 days in the front line trenches in France, going with the first American troops, according to letters which have just been received by his family. Fourteen men were killed, 35 wounded and 12 taken prisoners from the company which Lieutenant Davidson accompanied to the trenches.

Seventy-two thousand graves have been filled in a cemetery during the past three years near the town where the Fayette county doctor is now quartered.

TRUCK BIDS OPENED

But Connell Delays Awarding Contract for Garbage Vehicles.

Bids for motor trucks for use in removing garbage were opened in council last night, but the award was not made. Dr. C. W. Ults, superintendent of that department being instructed to report his recommendation at the next meeting.

The Hyatt Motor company offered to supply three chassis with chain drive attachment for \$115 each. The Central Motor company submitted a bid on a second hand truck at \$300 with an added cost of \$350 for a chain drive attachment. The company also submitted a bid for a new three quarter-ton truck, new, at \$1,260.

"HONOR ROLE" PLEDGE

Methods to Take Up Work Men in Service/Laid Down.

At a meeting last night at the Methodist Episcopal church a movement was started to have a body of older men of the church headed by W. S. Behanna undertake to raise the \$500 pledge made by the Young Men's class, of which Mr. Behanna is teacher.

Many of the men have joined the colors and as a result the class has been disbanded. The "honor roll" subscription was given a good start.

JOE ANGLE AND SUPT. HALSTEAD

Resolution Expresses Appreciation of Services in Water Supply Crisis.

SITUATION IS DISCUSSED

Seasons Take Stand There Can be no Turning Back in the Movement Before Public Service Commission; Damaged Streets Must Be Repaired.

Now that the city has started a movement to bring the Connellsville Water company to its senses in regard to the service, rates, etc., there can be no turning back, according to the view taken by members of city council as expressed at a meeting last night at which the water question was further discussed and which was featured by the adoption of a resolution tendering the thanks of council to J. E. Angle, general superintendent of the Fayette County Gas company, for his services and furnishing men and materials when the water main freeze-up was at its worst and to the retiring superintendent of the water company, A. E. Halstead, for his efforts to secure an adequate supply of water during that time. There was nothing in the resolution to indicate it but Mayor Duggan expressed the opinion that the water company wanted a goat in the situation and decided to make Mr. Halstead bear the burden. Surface indications were that the city will demand of the water company restoration of damaged streets to the condition they were before the water mains froze and burst. Superintendant B. L. Berg of the Department of Streets and Public Improvements proposed that the company be asked to repave Fairview avenue. Councilman Roy W. Hoover insisted there is necessity of similar action in regard to Pittsburg street from Fairview avenue to Orchard Place where the surface has been undermined. Extensive repairs will be necessary in other parts of the city also it was indicated.

Major Duggan detailed to the solons that the water company had been filling a goat in the situation and decided to make Mr. Halstead bear the burden. Surface indications were that the city will demand of the water company restoration of damaged streets to the condition they were before the water mains froze and burst. Superintendant B. L. We want to explain what the Pittsburgh Garbage Incinerator is and what it does, and decided that the best way to present our proposition to you, would be to answer what could be considered typical questions. If you have any questions to ask, that are not answered here we will be very glad and willing to answer them to the best of our ability.

The Pittsburgh Garbage Incinerator

What Is It?

A machine to burn up and destroy garbage, sweepings, waste and refuse of all kinds.

Who Uses It?

Towns, Boroughs, Cities, Hotels, Hospitals, Office Buildings, Restaurants, Clubs, Department Stores, Factories, Apartment Houses and Dwellings. In fact it is used in all places where garbage or waste accumulates.

How Does the Incinerator Do This?

By burning and completely destroying the garbage or refuse.

Is It Sanitary?

Any health authority will tell you that the only sanitary and satisfactory way to dispose of garbage is to burn it. It guards and protects the health of the family and the community. Burn the garbage and the fly nuisance is solved for all time.

Is the Incinerator Made in Different Sizes?

Yes. It is made in various sizes and styles depending upon where it is to be used. For example, a dwelling would use the one bushel size. An apartment house or small hotel would require a two bushel size. A large hotel, or where extremely heavy duty is required would use the four bushel size. Towns and boroughs would need a battery of six bushel machines.

How Is the Incinerator Constructed?

Its construction consists of a cage-grate combustion or burning chamber, suspended on four legs. The grate bars are made of extra heavy cast iron and the cage or chamber is surrounded with a double insulated steel jacket so arranged as to leave an air space of about two and one-half inches between the castings and the jacket.

What Burns the Garbage?

Gas is usually used and the gas is fed through six burners of blow torch type. These burners do not project into the combustion chamber but are arranged so that the flame strikes directly into the mass of garbage. In addition there are baffle plates in the air space, which obstruct or deflect the heat and keep it continuously in the combustion chamber. The flame attacks the garbage from all sides, drying and burning the entire mass.

Do the Grates Burn Out or Warp?

Impossible to do so for the reason that the flames do not burn the bars. The burners are so arranged as to burn towards the center. The grate bars can never burn out or warp. We have at Pittsburgh a machine that has been fired about 3,000 times and the grate bars show no sign of warping or even scaling.

Can the Flame or Fire Be Banked or Smothered?

No. For the reason that the incinerator is not underfed, but the flames attack or strike the garbage from the sides. In addition, there are two flue connections also double dampers, which insure a good draft.

Is There An Odor?

None whatever. On account of the two flues and the baffle plates mentioned before, and with a good flue connection all the gases and odors are burned.

Is the Incinerator An Experiment?

No. All experimenting was done and the machine perfected before we placed it on the market. There are large numbers of incinerators in daily use in all kinds of buildings and so far not a single one has been turned back to us or required repairs. The Pittsburgh Garbage Incinerator is a demonstrated success.

Where Can An Incinerator Be Seen?

You can see an Incinerator in actual operation in the store room at 123 S. Pittsburg street. We have at this place a two bushel size incinerator and are demonstrating the machine and its operation to all who are interested.

Is This a Stock Scheme?

No. Emphatically no. We are a going concern with a capital of \$500,000, of which about \$10,000 has been issued. We are making money but have come to the point where our available capital is not sufficient to take care of our rapidly growing business. At the present time we have more orders on our books than we can fill and this is one reason why we must have additional capital. Our intention is to sell only \$75,000 of treasury stock and we do not believe that we will ever have to sell any additional stock.

What Will You Do With the Money?

First of all we will acquire a factory of our own where we can manufacture the castings, the jackets, and other parts of the machine. At the present time all of these parts are made for us by outside firms, who of course make a profit on our work. Having our own factory, these outside profits would be made by ourselves in addition to our regular profit. Buying in larger quantities and with less overhead we would cut the cost of production in many ways, thus increasing our profit on each size of the machine.

Is the Company Making Money Now?

Yes. We are making a very satisfactory profit on each size of machine and want to make more and can make more on every machine.

Is There a Market for Incinerators?

The machines can be sold so easily that we hardly dare solicit orders for we cannot take care of all of them at the present time. This is the chief reason we are offering stock to the general public. The Pittsburgh Garbage Incinerator answers a great and crying need. They can be sold anywhere where garbage or waste accumulates. This means that we have the entire United States with its millions of buildings as our field. We do not expect for sometime to come to be able to supply even a fraction of the demand.

Where Will You Locate the New Factory?

If the people of Connellsville will back us up by buying sufficient stock, we will locate our factory here. This is a promise to the people of Connellsville. With the number of workmen we need at our factory and with the large pay rolls, our factory should mean a great deal to Connellsville.

What Is the Price of the Stock?

\$10.00 per share, fully paid and non assurable.

On What Terms Will Stock Be Sold?

We would like to have half cash and the balance in 60 days, but will be glad to make terms of payment to suit you.

What Will Be the Future of the Stock?

No better proposition on the market today. The profits are safe and certain; we are a going concern; we have no experiments to be made; the company is making money now. The profits in our opinion will be very large, so large that we hesitate making a statement for fear you will think we are misrepresenting the facts. You will make no mistake in buying Pittsburgh Garbage Incinerator Stock. We urge you to buy as many shares as you possibly can and make a profitable investment.

Where Can I Subscribe for Stock?

Either at the store room, 123 S. Pittsburg street or at the offices of the Dorsey Realty Company, 606-7 Second National Bank Building, who are our local agents. Demonstrations daily. Come see the machine operate. Convincing yourself that this is a genuine opportunity and resolve to get in on the ground floor of a safe and profitable investment.

DOLLARS SPENT HERE COME HOME TO ROOST; NOT SO WITH THOSE THAT GO TO CHICAGO

Every farmer who makes our city market place has an interest in this community. The fact that he is a member of the community makes much difference to him when he considers that the prosperity of Connellsville is his own prosperity.

But when he sends his money to the mail order houses he does not stop to think that he is not helping to pay the required taxes in his own community, nor that he does not pay his own legally assessed taxes, but that he is not helping our local merchants to pay

the taxes necessary to support the community.

If we keep the dollars at home they will keep on helping us all. Dollars spent at home come home to roost. They come back in the upkeep of our city and county institutions.

Our local merchants will use the dollars to good advantage. Every dollar spent in Connellsville means improvements at home.

Unless we are careful and watch

the mail order scheme will be the centralization of all of the country businesses in the large cities and the absolute destruction of the financial interests in the small cities and towns. The only way to prevent this is to stop sending our orders to the mail order houses.

Let the dollars come home to roost. That is the only way and they will come home to roost if we do not send them too far away. The dollars spent locally will circle around and keep things lively, but if sent away we thereby injure our own business.

One must get more dollars from out to prospects and jeopardizing our own to take their place. It is not always prosperity justifies him in believing an easy matter to do this. The safest

thing to do is to take no chances, but to take the most outrageous liberties with us.

Bread cast on the waters will re

turn not so with dollars sent to the mail order house. Turkeys will come

home to roost if somebody does not catch them.

But dollars will come home to roost if we keep them in circulation in our home town. Try it. Start by Tuesday, March 5, buying your printing done in Connellsville.

the visit of officials of the water company and their conference with him in an effort to learn just how far the city is going in its new drive. Councilman Hoover interjected a remark that "We've got to go through with it and nobody had a word to say to the contrary."

It is probable an advisory committee of five or more citizens of the city will be named to act with council in the water fight. The mayor suggested the committee and also one member Mr. Angle. No definite action was taken. Bankers would be of service in an advisory capacity when it comes to discussing the financial end of the movement, the mayor said.

The quality of the water, as to purity, came in for airing. Dr. Utts said reports submitted to him as head of the Board of Health showed the water to be free from disease producing bacteria.

Mayor Duggan took occasion to deliver a few more raps at the company—not at the officials who visited him, the company he pronounced neither honest nor honorable. He told the visiting officials he said that the people of the town "could be indicted for what they think about the water company so intense is the feeling, he said."

At the suggestion of the mayor there will probably be a conference of city officials with officials and an engineer of the water company to determine "what they'll do."

There was considerable discussion during which Superintendent W. B. Pryce of the Department of Public Safety emphasized the necessity of better fire protection.

DONATE SERVICES

F. & L. Railroaders Man Special Train for Red Cross Benefit.

The Pittsburg and Lake Erie Railroad company ran a special train the crew donating its services to Star Junction Saturday night for the benefit of those from Dickerson Run and other points along the line who attended the minstrel given by the YMCA of Dickerson Run for the benefit of the Star Junction Red Cross. Between \$200 and \$300 was realized from the performance which met with wonderful success. Wednesday the ticket committee had disposed of all the tickets and could readily have disposed of 500 more.

The Washington Run Coal and Coke company donated the hall for the occasion. Miss Mary McConville as "The Goddess of Liberty" scored a great hit her patriotic song being well received. Following the performance the women members of the Red Cross of Star Junction served a dainty luncheon to the performers.

SUPPORTED THE FAMILY

Mother, Brothers and Sisters Dependent on Girl Killed by Lorry.

Miss Laura May Cadden who was killed last week by a lorry at Phillips' works was the main support of her widowed mother and a large family who live at Kiefertown near Scottdale. She took the place of her stepmother who died two years ago in providing for the family.

Miss Cadden united with the United Presbyterian church when eight years old. She leaves her mother Mrs. Sarah Burd of Kiefertown and the following stepbrothers and sisters: William Arthur John Neil, James James Josephine and Elvira Burd. She stood by them all.

Ask Endorsement.

At the regular meeting of the Ministerial association held yesterday morning at the home of Rev. G. L. C. Richardson in South Pittsburg street a resolution was adopted asking the church boards to call upon the leading members of the two leading political parties to endorse such candidates as would be favorable towards the ratification of the prohibition amendment.

Solson Buys Home.

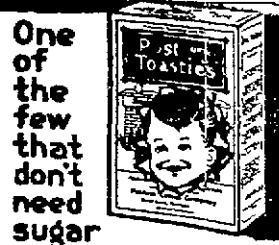

Alfred J. Kobacker has sold his residence on Isabella road to Basil J. Solson, who has occupied the home for some time past. The consideration was nearly \$11,000. Mr. Kobacker bought the property last October from F. T. Evans previous to his death but had never occupied it. He expects to build a new residence in the near future.

Granted Marriage Licenses.

John Lolleberger of Smithfield and Christina Vothoer of Scottdale, George Mike of Fairchance and Annie Kaper of Smithfield and John Ignat and Teresa Machnicky of Jumata, were granted marriage licenses in Uniontown.

On New York Trip.

Fred Edwards superintendent of the Harrison Walker brick works at Laton, has gone to New York on a several days business trip.

Our Suit prices range from \$22.50 to \$75.00.

We beg of you to inspect our line before buying elsewhere.

THE E. DUNN STORE

The HOME of QUALITY and SERVICE

129 to 133 N PITTSBURG St CONNELLSVILLE PA

Miss Alice Bloom and Alexander Cohen both of New York City were married Thursday afternoon February 21 by Rev. Dr. Drachman at his home in New York City. The ceremony was followed by a wedding dinner served in the green room of Rev. Drachman's home. Covers were laid for quite a number of friends of Mr. Cohen and his bride. Following the dinner Mr. and Mrs. Cohen left for Lakewood N. J. where they spent a week at the Hotel Bensing. They arrived in Connellsville Sunday night from Lakewood and are guests of the bridegroom's brother and sister-in-law, Mr. and Mrs. Morris Cohen of Madison Avenue and his brother in law and sister Mr. and Mrs. H. Rhoda of Park street and other friends here Sunday night. Mr. and Mrs. Cohen were entertained by Mr. and Mrs. S. M. Levy at their home in West Green street. Dancing was indulged in and a most enjoyable time was had. At midnight a sumptuous appointed luncheon was served. While located in Connellsville Mr. Cohen formed a wide acquaintance and was very popular. He is now a prosperous young business man being the senior member of the firm of Cohen Bros. of New York City. Since his departure from Connellsville Mr. Cohen and his brother Julius also a former Connellsville resident have met with great success in New York's business world. Mr. and Mrs. Cohen will leave tomorrow for Pittsburgh. Phil Vick, Cleveland O. Fufalo N. Y. and Niagara Falls at the conclusion of their trip they will be at home in New York City.

A very important business meeting of the Young People's society of the First Baptist church will be held this evening at 7:30 o'clock in the church. Following the business meeting a musical program will be rendered.

The Women's Misionary Association of the United Brethren church will meet Thursday at 2:30 o'clock at the home of Mrs. O. O. Osterweil. Officers will be elected.

The Utterbein Guild of the United Brethren church will meet Thursday evening at 7 o'clock in the church.

The Live Wires of the Church of the Brethren Sunday school organized at a meeting Friday night at the home of the teacher, W. H. Friend in Eighth street West Side. Robert Friend was elected president. Edgar Goswick vice president. W. B. Beahm secretary. David Blough assistant secretary and Wm. Berg treasurer. Seventeen are enrolled in the class.

The Friendship society met Sunday evening at the home of Mrs. Charles Caplan in Murphey avenue. Lunch was served.

Mrs. Henry Sutman of Monongahela announces the marriage of her sister Mrs. Flora Day Searle of Pittsburg to Bertram F. First of Freeport. The ceremony was solemnized February 23. Rev. Alan S. First, father of the bride of Bertram F. First, is a sister of Mrs. W. O. Schonover of Wills road. After May 1 Mr. and Mrs. First will be at home at Freeport.

The regular meeting of the O. N. T. Fencework club will be held Thursday afternoon at the home of Mrs. I. Schuler in East Crawford avenue.

Athens Temple of the Pribian Sisters will meet this evening.

"There's a Kitchen in every home--and there's a Hoosier for every Kitchen"

Four reasons why YOU should Join the Hoosier Club.

Every Kitchen Patriot Needs The Hoosier Now!

OOD, time, work and money are being saved in more than a million homes every day by the use of the Hoosier Kitchen Cabinet. Hundreds of Domestic Science schools are using it, so the coming housewives can be good cooks and real home managers.

It is wasteful to be without this "automatic servant." And there are four strong reasons why you should get it without delay.

1—For loyalty's sake. The Hoosier System protects your flour, sugar and other foods. It prevents waste in measuring and mixing. And it gives you more time for knitting, Red Cross work and other patriotic service. Also for rest.

2—We are now offering popular models at before-war prices. Moreover you can pay as convenient. Your money all back if you are not delighted.

3—Hoosier's Council of Kitchen Scientists pronounce the new models as complete as can be made. And remember these brilliant women of the Hoosier staff are always in touch with home needs.

4—Due to the wartime demand for Hoosier, our allotment is very limited. Lest you be unable to get the model you want later on, come and pick out at once.

Hoosier Club Members Pay Only \$1.00 Weekly

That's all it costs to place this labor-saving machine in your kitchen. That's all it costs to have Hoosier lighten the burden of your daily tasks—to make your work pleasant and enjoyable.

Hoosier's scientific arrangement of places for 100 articles within arm's reach saves you miles of steps. You sit and work in comfort instead of stand. You reach instead of walk.

It will be to your interest to see the Hoosier demonstrated. Come in now.

Miss Alice Bradley using her Hoosier Cabinet in Miss Farmer's School of Cookery, Boston, of which she is principal.

Miss Bradley is a member of the Hoosier Council of Kitchen Scientists which includes seven other noted kitchen scientists. They all become your personal advisors when you get this cabinet.

NEWSY NOTES TELL WHAT'S HAPPENING IN THE MILL TOWN

T. W. Lipp, Leading Shoe Merchant and Citizen Called by Death.

WAS SIXTY YEARS OF AGE

And Came to This Place in 1885; Bridge-Street Woman Entertains at Four O'Clock Tea; Fine Concert at the Presbyterian Church; Personal.

Special to The Courier
SCOTTDALE, March 5—Theodore W. Lipp, aged 60 years of North Broadways, died yesterday morning. Mr. Lipp came to this town in 1885, and was one of the oldest of its established shoe merchants. Mr. Lipp was a member of the First Presbyterian church. He is survived by his widow and the following children: Charles W. Lipp, John Lipp and James Lipp of Scottdale; Mrs. H. C. Hoop of Connellsville; George Lipp of the United States military service at Fort Thomas Kentucky; and Miss Nancy Lipp at home. Funeral services will be held Wednesday afternoon at 2 o'clock and interment will be made in the Scottdale cemetery.

Four O'Clock Tea.

Mrs. Webb and daughters Irene and Sylvia gave a 4 o'clock supper at their Bridge street home on Friday evening. Little pink baskets were given as favors. All kinds of games were played as the amusements of the evening. The guests present were Mr. and Mrs. Nelson and children Lawrence and Arnold; Mr. and Mrs. Burton; Mr. and Mrs. Gra Maw; Mr. and Mrs. Edward Wardlow; Mr. and Mrs. Anderson; Paul and Vernon Webb; and Miss Raves of Scottdale, and S. V. Fisher of Pittsburgh.

Concert in Church.

The orchestra of the Methodist Episcopal church, Connellsville, gave a concert to a very large audience in the Presbyterian church last evening despite the weather. Every number on the program was very much appreciated. The orchestra will repeat the program in the Methodist Episcopal church in Connellsville this evening.

Cuticura Healed Pimples On Face

Itched Causing Scratching. Used Two Boxes Ointment and Four Cakes Soap.

Nothing Purer, Sweeter for All Skin Troubles Than Cuticura.

"I had poor blood and from that I began to get some eruptions on my face. My doctor gave me a red salve and it had pimples. My face itched when I used to scratch and I could not sleep because the eruptions hurt very much. This trouble lasted about two months."

"Then I used Cuticura. Soap and Ointment. It helped me very much, and it took two boxes of Cuticura Ointment and four cakes of Cuticura Soap to heal me." (Signed) Samuel Lopsonian 423 Foster St., Philadelphia Pa. July 31, 1917.

Clear the pores of impurities by daily use of Cuticura Soap and occasional use of Cuticura Ointment as needed to sooth, soothe and heal. Nothing purer or sweeter for every toilet and nurseries purpose.

Special Offer—Mail Address post to Cuticura, Dept. R, Boston, S. D. over whom Sold Ex. O. ment. 25¢ and 50¢.

Make Your Own Cough Syrup and Save Money

Better than the ready-made kind. Easily prepared at home.

Grav hair however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound" which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation because it darkens the hair beautifully besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears after another application or two its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure mitigation or prevention of disease—ad-

SHE CLAIMS IT SAVED HER LIFE

Tries All Kinds of Vegetable Preparations for Stomach Troubles Without Results.

SHE URGES ALL TO TAKE MINERAL REMEDY INSTEAD

This wonderful medicine called Acid Iron Mineral has saved my life and I am not afraid to praise it. It declares an enthusiastic West Virginia endorser.

"For fifteen years I suffered with stomach trouble so bad I deplored of ever getting better. I tried everything my neighbors and friends recommended to me and still I got no relief. I was all run down and dared eat nothing hardly for fear of suffering again and I got so nervous I could not go to the door when someone knocked but Acid Iron Mineral saved my life for I surely believe I was done for. I now do my own washing and all my work and dredgers around the house and feel so much improved I surely can praise this great medicine for the good it did me," continued Mrs. E. V. Sheets, Matzoka, W. Va.

FATIGUE DIFFERENT REMEDY

Everyone knows the value of iron as a tonic. The trouble has been that tinctures made from metallic iron ruined teeth caused constipation and injured the stomach. Now, however, the discovery of the great Acid Iron Mineral deposit down in Mississippi has made it no longer necessary to use a nail, glass tube etc. as of old. This natural iron does not injure the teeth and is wonderfully efficient in the treatment of stomach troubles. It is just as good as a stomach medicine as it is an iron tonic and as a tonic for run down people it is unequalled being much cheaper and stronger.

The Ferroline Chemical Corporation with a painstaking process removes this iron ore dissolves it, concentrates and leeches it and just as nature herself mixes it, chips the concentrated compound to their big plant in Roanoke, Virginia, where high up in the hills it is bottled, tested and made ready for sale through your local drug store. A large dollar bottle goes from two to six times farther than weaker alcoholic iron preparations of the chemist. It is better and stronger for you. Get a bottle today!

PRTTY FOLKARD FROCK
WITH HINT OF BUSTLE

Bad Teeth Like Bad Shoes Spoil Fine Dress and Good Looks

PEOPLE NEGLECT
IN CARE OF MOUTH

Senreco Tooth Paste Powerful To Save the Teeth and Prevent Diseases

"All dressed up with a hole in his shoe, was a bit of sarcasm a girl sang at a young man friend whose appearance was now except his punctured shoe. Right enough too! Either to man or woman a shabby pair of shoes would spoil the appearance of the most elegant garments ever worn."

"Wear about the teeth?" Draw in all the beauty you please if you open your mouth exposing a decayed set of teeth, and right away a man or woman will notice the hole in the shoe for you. This applies both to men and women. Girls and young men, you lose half the admiration which would be directed toward you if you have bad teeth. You can't be pleasing with a mouthful of decay. You can't be healthy either. The condition of the teeth have a telling influence on the organs of the body. Bad teeth affect the intestines, stomach, heart and even the eyes. Medical science shows that bad teeth produce unhealthy conditions all over the body.

"With Senreco Tooth Paste at your service you will constantly be protected from the deadly germs that have little chance to enter. If they should enter, they can't exist long under its therapeutic action. Senreco is a powerful cleanser and preventive of disease of the teeth. It is positively reliable. A toothache should be treated by your dentist.

"Senreco Tooth Paste is a preventative. Ask your dentist if you are not sure. Pay attention to your teeth. Of course we want to keep our teeth in good condition, but our eyes, heart, lungs, intestines, stomach, etc. are all dependent on the teeth. Senreco is a powerful cleanser and preventive of disease of the teeth. It is positively reliable. A toothache should be treated by your dentist.

"Senreco is a powerful cleanser and preventive of disease of the teeth. It is positively reliable. A toothache should be treated by your dentist.

GOVERNMENT DEMANDS FLOUR SUPPLY REPORTS

All Householders Must Report Flour Supply at Once—Card Printed in Newspapers Must be Used.

ALL Householders in Pennsylvania have been ordered by the United States Food Administration to report the quantity of flour in their possession on a flour supply card issued by the Federal Food Administrator for the County and printed below in this paper. The card will not be issued in numbers form, but will be printed in the newspapers so that it can be checked by the reader. You must cut out the clipping and mail it to the Federal Food Administrator for your County.

The following statement was issued by Mr. Heinz, Federal Food Administrator for Pennsylvania, in commenting on the above rule:

"The flour supply card issued by the Food Administration is the first step in a campaign to learn how much wheat flour is stored away in the homes. Householders are given the opportunity to report on the flour supply card the number in their households, the amount of wheat flour on hand (including whole wheat and graham flour) and the amount they consider their thirty days' requirement. Those who fail to report will run the risk of prosecution and the penalty for hoarding—\$5000 fine and two years imprisonment or both. If any persons fail to report, the Food Administration can prosecute them in lenity. It found guilty of hoarding."

"By directing the public to state their flour holdings on the flour supply card, the Food Administration is taking the step necessary to prevent a possible food famine. Hoarders hasten famine. If next May, June or July we find ourselves without wheat flour, it will be because thousands of tons are stored away in cellars by unprincipled householders who banish any consideration of the soldiers in their greed to have their own desire satisfied. The flour supply card is a government action which will meet with the approval of all those who have taken the time to study food conditions abroad and who know, therefore, that food is probably the foremost factor in winning the war."

OFFICIAL HOUSEHOLDER'S FLOUR REPORT

WRITE CAREFULLY.

No householder is permitted to purchase over 40 pounds of wheat flour nor to have more than 30 days' supply. Every householder must report immediately (in this form) to their County Food Administrator. Make report of all wheat flour on hand whether it is excess or not and urge on your neighbors the importance and necessity of making this report promptly.

Number in household..... adults..... children under 12..... Wheat flour on hand (all flour containing any wheat)..... lbs. Thirty days' requirement (when used with substitutes according to 50-50 regulation)..... lbs.

I agree to hold my excess subject to the order of the United States Food Administrator.

Name.....

Postoffice..... Street and No. or R. F. D.

Maximum penalty for hoarding is \$5,000.00 fine and two years imprisonment. These blanks will not be distributed. You must fill in your own blank and mail or deliver it to your County Food Administrator. An immediate report will avoid possibility of search and prosecution.

HOWARD HEINZ,
Federal Food Administrator for Pennsylvania.

Send Report to

Charles L. Davidson,
Uniontown, Pa.
Federal Food Administrator for Pennsylvania.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid, which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaker, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush of the body's urinous waste get four ounces of Jed Salts from any pharmacist here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acids of grapes and lemon juice, combined with lithia, and has been used for generations to dash and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jed Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink—adv.

Illustrated by Greene

WHAT THE ANTS TAUGHT LAZY, SELFISH NED.

NED was both lazy and selfish. He would sit away his time while his poor old father and mother worked hard all day. He demanded the best of the food and they took what was left.

At last Ned's parents grew tired of the lazy boy's selfishness, and giving him a lunch, sent him out into the world to make his own living.

Ned had gone for when he came across a band of black ants carrying berries. They were hungry, and begged Ned for a bite of his lunch.

"What! Share my lunch with a crowd of silly ants?" laughed Ned. "I should not! If I let you, you'd eat all I have! Well, where would I find any more?"

"We're a crowd of ants, but we're not as silly as you think," replied a big ant, coming close to Ned's heel.

"Well, I'm not against Mr. Ant knocking him over."

"You'll get none of my food, so run along!" he growled. "All right, you fellow!" exclaimed Ned. "You foolish nature will some day bring you to harm. We'll be revenged for this ill treatment."

The ants fled away through the grasses.

"Ho! Ho! Ho!" laughed Ned. "It's a lot of silly little things can do to harm me. You're entirely too small to talk about revenging yourselves on a big fellow like me."

So Ned tucked his lunch back into his pocket and lay down to rest. He was soon snoring.

They Carried Some Away.

One by one the little ants ran from the grasses, swarmed into Ned's pocket, and devoured away, and ate even a crumb of the lunch before Ned awoke.

"Here, give me back my lunch!" cried Ned, rubbing his eyes to see if he were awake or dreaming. "I'm dreadfully hungry."

"Then go back home silly boy," replied the big ant. "Always remember that size doesn't necessarily mean power. Perhaps you will be memory to you in the future not to be so selfish. To those who are willing to share more shall be given," and the ants disappeared.

Ned brushed off his clothes, returned to the house, and begged his father to let him remain in home to help him.

His poor, old parents, glad to see their son once more, set him to work.

Ned never told any one what had happened on the road, but whenever he met a group of ants he would stop to talk to them, and the ants would come to him to crumbs up part of his lunch for his little ant friends.

The birds and the animals of the woods soon grew to love Ned because he was always ready to share what had happened to be in his lunch. So the once lazy, selfish boy was quite happy now that he had learned what a pleasure it was to make others happy, and he soon grew to enjoy his work, which made his parents very happy indeed.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nose and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrah will be gone. Your clogged nostrile will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Dr. May's Cream Balsm. Apply a little of this fragrant, antiseptic cream in your nostrile, let it penetrate through every passage of the head; sooths and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stufed-up and miserable—adv.

"KANGAROO COURT" JUSTICE USED TO CURB VIOLATORS OF ETHICS OF THE SOLDIER LIFE

Rather severe justice is sometimes meted out by the men themselves in army camps to comrades who violate the ethics of soldier life. A form of punishment that is at once primitive and effective is described by Chalmers Bryson of Dunbar, member of the Twenty-eighth Aero Squadron at Hempstead, L. I., in a letter to his mother, Mrs. Adam Bryson.

"The New York people," he says, "seem to be very generous and open-handed with the soldiers. But some of the men do not appreciate their goodness. They take advantage of anything. Two or three fellows were tried in our 'kangaroo' court for accepting money from civilians. They were found guilty and sentenced to 15 rays across the seats of their breeches with a metal mess kit. The 'sheriff,' who administered punishment, was a husky fellow and laid it on. They were charged with making the United States army, and especially the Twenty-eighth Aero Squadron, look like a bunch of bums."

"But most important case the court has had to deal with was when our former mess sergeant was 'busted.'

PHY-MO-ME FIVE WIN SECOND GAME FROM SUPERIORS

Are Now Claimants of Championship of Junior Division of Westmoreland County.

HAVE VERY EASY "PICKINS"

Superiors of Mount Pleasant proved to be no adversary at all for the fast Phy-Mo-Me team of Scottdale Y. M. C. A. and the final score is 43-13.

The Phy-Mo-Me basketball team of the Scottdale Y. M. C. A. claims the junior championship of Westmoreland county after defeating the Mount Pleasant Superiors on the "Y" gym last night, 43-13. The game was the second of series. The first was also won by the Phy-Mo-Me team.

The first half of last night's game saw little scoring but in the last period the Scottdale team opened up and dropped field goals in regularly. Porter was the heavy scorer for the Scottdale quintet getting seven field goals. Freeman got a total of four baskets, dropping three all in a row in the home stretch. Lester extended himself twice and caged two pretty shots.

The Superior bunch got only two field goals during the whole game, one in each half.

The lineup:
Phy-Mo-Me—43 Superior—13
Humes forward Crusan
Freeman forward Miller
Porter center McKinney
Lester guard Stevens
Might guard Brown
Field goals: Porter 7; Freeman 4;
Lester 2; Humes; Crusan, McKinney
Foul goals: Humes, 15 out of 23;
Stevens, 9 out of 22. Substitutions:
Weinberg for Crusan. Referee: Wall.

UNABLE TO STRIKE A LICK, HE SAYS

"It Did Not Require Long for Tanlac to Fix Me Up," He Continued.

"This Tanlac has made it possible for me to return to work," said Benj. N. Lively, a well-known painter, employed by Kayser & Allaman, Philadelphia.

I wasn't working and hadn't been able to strike a lick of work for quite a while," he continued, "but it did not require long for Tanlac to fix me up."

"My stomach became all disordered. My digestion was bad and I seldom had any appetite. Most of what I ate caused gas on my stomach and pains. I would become sick at my stomach and remain so for some time. I guess it was nervous dyspepsia that really bothered me most."

"I gradually grew so nervous and so generally rundown in health that I was unfit for anything. I was worn out, tired and almost lifeless. I had dizzy spells and shortness of breath. I got so I couldn't sleep soundly and I wasn't well rested in the morning. "I saw a Tanlac testimonial that just about described my case.

"I decided to give this medicine a trial. I am now glad that I did, because it is just the thing for me. My condition has been wonderfully improved. In fact, my stomach is now strong, my appetite and digestion are good. I sleep soundly and I feel like a boy in the morning. Tanlac has done a great work for me, and I recommend it to all my friends."

Tanlac, the famous Master Medicine sold her by Connellsville Drug Co. Tanlac can also be secured in Dunbar at D. C. Eason's drug co.—adv.

Make Pets of Hornbills.

The yellow hornbill, one of the most interesting of the species is a comparatively fearless bird and is easily killed. The male is fond of perching on the tip of tropical trees and making a noise like a young puppy.

The natives in Africa find young hornbills easily tamed. They dig the birds out of the tree nests when quite young and raise them on milk and berries in their huts. When grown the hornbill remains attached to its foster parents and will eat out of the same dishes. Left free, the hornbill comes and goes much as does a pet crow and remains about the hut until the first mating season when it goes away with one of its kind, rarely to return.

Does This Interest YOU?

Graduated, Registered and Licensed Physician. Specialist in Chronic Diseases of Men and Women.

DR. R. W. MACKENZIE

If you are need of medical aid why not come to one who knows how to do what you are in need of and does it quickly without much if any trouble? I can furnish you with little or no pain and for a reasonable outlay of money, no more than you or any man is willing to pay for scientific treatment.

First.—The highest testimonial to the efficacy of my treatment is the fact that one-half of my patients are seen in but those I have cured and who are satisfied.

Second—I see and treat every case myself and have the best methods to offer the public to be found in the city. I don't accept any case that I consider INCORRECT and will tell you exactly what I can do for you from the start.

NO RISK. DON'T DELAY.

—HOSPITAL DAY.

114 S. Pittsburg St., Connellsville.

Special to The Courier.

MONDAY PLEASANT, March 5.—The action of Burgess S. P. Stevens in suspending Policeman James Nell for neglect of duty was approved by town council last evening and the officer was discharged from the service. Joseph White, who was serving temporarily by appointment of the burgess, was elected to the vacancy. Council adopted a motion, instructing any person having anything belonging to the police committee of council to return the same immediately to the proper authorities. A motion was adopted to pay the treasurer a salary of \$100 a year and to put \$5,000 of the street improvement fund and all of the sinking fund that is not needed this year on interest. J. Z. Fox was awarded the contract for remodeling the doors of the house house, his bid being \$163.

Ordered to Leave Town.

Sunday evening Burgess Sam P. Stevens, with Police Chief Robert Smith, Policeman Joe White and Constables James Ellis and Millard McCollough surrounded the house of N. Jones, West Main street, and placed the man of the house under arrest. With Jones they arrested a woman who gave no name but whom Jones stated was keeping house for him in his wife's absence. The names of the eight men calling on the housekeeper were taken. Jones left a \$20 fine and \$5 to pay costs, and was given one week to leave town. The woman left a \$15 fine.

Hospital Report.

The members of the board of the Jacob Justice Free Dispensary have offered the following report for the months of January and February of this year: January, patients treated, 19; medical, 14; surgical, 5; prescriptions filled, 10; dressing made, 10. February, patients treated, 20; medical, 14; surgical, 6; prescriptions filled, 15; dressings made, 14.

DOCTOR'S PRESCRIBE

BACORN'S FORKOLA FOR COLD IN THE HEAD AND CATARRH

No sensible person will continue to suffer from dangerous colds or catarrh of the nose or throat which often leads to deafness, catarrhal asthma and bronchitis, when they can obtain a small jar of Forkola Jelly at any well-stocked drug store.

One-quarter teaspoonful of this jelly, taking jelly allowed to slowly melt in your mouth will in a few minutes enable you not only to breathe easier, but also to get rid of that nasty choking, chugging discharge that causes so much misery and distress.

Physicians are prescribing and hospitals are giving new treatment with remarkable success. It is guaranteed to give relief in one minute from colds, coughs and catarrh or money back, so try it at our expense.

THE PARAMOUNT

"THE WIFE HE BOUGHT."—A fine part Bluebird feature in which Carmel Myers, supported by Kenneth Harlan, is seen in the leading role, will be presented tomorrow. Kenneth Harlan enacts the role of the "husband" who married for vengeance only to be led into paths of happiness by the influence of the good woman who had reluctantly become his wife. There is a convincing demonstration that happiness is something money cannot buy and a further and equally profitable demonstration that revenge is not always sweet. "The Wife He Bought," despised him at first and then learned to love him. Through the devotion of the woman so unhappily married happiness came where domestic misery had previously ruled.

The play is based on Larry Evans' magazine story "One Clear Call." A comedy will also be shown. Thurs-

days.

THE ORPHEUM

"A CAPTIVE GOD."—A five reel

\$1.50 Cash Is All You Need To Pay

to have this very handsome Bed Davenport placed in your home. Then, while you enjoy its use, you need only pay—

\$1 A Week

for just a few weeks, until you've paid only—

\$27.50

This is the easy way to make your home beautiful and comfortable and to profit by Rapport-Featherman's special money-saving offers. It encourages thrift and you don't miss the money.

This Handsome Bed Davenport Does More Than Furnish Your Living-Room or Parlor in Elegant Style. It Also Provides You With An Extra, Full-Size Double Bed.

The Bed is all-steel and a very easy and simple operation makes the change. Such a Bed Davenport in your home saves the cost of rent and furnishing an extra bedroom. Such a piece of furniture in your home is today considered a sign of up-to-dateness. Our special price is very low. The construction of this davenport is greatly improved and permits the use of a thick mattress in place of a mere davenport pad, so that it makes a REAL comfortable bed. The massive frame is solid oak, highly finished. It is deeply upholstered and covered in that very fashionable, rich, golden brown, imitation Spanish leather. DON'T MISS THIS SPECIAL SALE. COME AND SEE WHAT A REMARKABLY GREAT VALUE THIS REALLY IS.

THE HEROIC WOMEN OF FRANCE

The women of France must be enabled to hold up the morale of the French soldier until next spring. The morale of the house decides the morale of the soldier in the fighting line. We can do this by giving to them the greatest freedom in their food supply, and of this, wheat is the chief factor.

dramatic version will prove even more delightful. "Lena Rivers" is far from being a dry weepy play for as a matter of fact it contains more good hearty laughter than a half dozen ordinary plays. The advance inquiry for reserved seats indicates a success of crowded houses. The final work of the Manhattan Players will be a just return for the hard work and conscientious endeavor of the favorite company.

the story is laid in Washington, where the daughter of an attaché of the Russian government is in love with a young U. S. aviator. An old Chinese chemical is used to cause the aviator to lose his initiative. This is done by a scheming Madame. She hopes to win the hand of Vera-Sabourou (Sonja Markova). Vera's work to unravel this mystery is a splendid stirring piece of acting.

Concentration. "What you Americans want to do is to wake up."

"We're awake all right," said Broncho Bob; "Ienstwise we're awake here in Crimson Gulch, though we admit not been' very noisy. You know sometimes the man that ain't sayin' a word is playin' poker the hardest."

"What did he say?"

"That he advised her to select April 1 for any date of the kind, for it would be such a good joke on the man."

Mean Comment.

"What do you think Mr. Blunt said to Miss Oldgirl when she remarked she would prefer to be a spring bride?"

Forgotten.

"I thought you said he was strictly honest?"

"So he is."

"But I loaned him \$10 a month ago and he hasn't returned it."

"That's all right. I still think he is honest. Perhaps I forgot to tell you that his chief trouble is that he has a poor memory."

A DEAD STOMACH

Of What Use Is It?

Thousands of thousands of people throughout America are taking the slow death treatment daily.

They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature.

This is an sensational statement; it is a startling fact, the truth of which any honorable physician will not deny.

These thousands of people are swallowing daily huge quantities of pills and tablets, which are impossible to digest. The food in the stomach without aid at all from the digestive membrane of the stomach.

Man's stomach tablets relieve distressing stomach in five minutes; they do more. Taken regularly for a few days they will burn up the redundant stomach and make it strong enough to digest its own food. Then indigestion, diarrhea, sour stomach and headache will go.

Man's stomach tablets are sold by druggists everywhere and by A. A. Clarke who guarantees them.—Adv.

CHANGES IN COAL PRICES TO BE MADE BEFORE APRIL FIRST

Not Intimated What Advance, If Any, Will Be Allowed To Be Made.

TO BE BASED ON COST DATA

Fuel Administration Has Worked Out Principles Which Will Be Used as a Guide in Modifying Prices, and Changing Coal Classifications.

The changes in the prices of coal which the trade has long considered as being in prospect will, it has been officially announced, be made before April 1. In a statement bearing upon this matter the Fuel Administration says:

"The regulation of coal prices by the Fuel Administration is the first attempt ever made, at least on a large scale, by the United States government to fix and establish prices for any of the great industries. It is very important to both the public and the coal industry that the prices so fixed should be based on accurate information as to the conditions prevailing in different fields, and that, when once this information has been received, the right principles should be employed in making use of this information."

"The Fuel Administration believes that it has devised a speedy and accurate method for using the cost information which it has in hand, and that it has worked out the fundamental principles which should guide it in considering applications for modifications of coal prices."

"It is the purpose of the Fuel Administration to announce decisions on all applications for price revisions now before it prior to April 1, 1918, and, prior to that time, to make such changes in the classifications as seem to be necessary, in order to relieve uncertainty on this score as far as possible before the beginning of the new coal year."

"By this statement, the Fuel Administration does not wish to be understood as stating that the examination of the prices now being made will complete its price work. On the contrary, the administration will continue to collect and study facts relating to the cost of production of coal and the prices at which it is sold. It will make such further readjustments from time to time as are necessary to keep the prices on a scale fair to the public, fair to the coal industry, and sufficiently high to encourage production. It hopes, also, to take measures in the very near future to encourage and insist upon the use of less wasteful methods of mining, the sale of clean coal, and are more definite recognition of the different qualities of coal in the government prices."

FOR SORE THROAT, COLD ON CHEST

Mustard Soother. The Inflammation and Eases the Soreness Quicker Than Anything on Earth.

NO MORE RUNNING SORES

Laughey Drug Co., Connellsville, or Broadway Drug Co., Scottdale, Sells an Ointment Called San Cura That is a Positive Relief. It matters not how old, persistent or poisonous the sore is. San Cura Ointment the powerful antiseptic, will draw out the poison and promptly heal the sore.

So sure of this are the owners, the Thompson Medical Co., that they have authorized the Laughey Drug Co., Connellsville, or Broadway Drug Co., Scottdale, to return the purchase price if San Cura Ointment doesn't do all this paper says it will do. No fairer word ever made.

B. D. Dutton, Titusville, Pa., says: "My arm was covered with twenty-four running sores and swollen to twice its natural size. San Cura Ointment relieved the pain, drew out the poison and healed the arm in an incredibly short time. It is the greatest compound for healing I ever used."

The healing powers of San Cura Ointment are little short of marvelous. It gives relief and is guaranteed to help salt-rheum, eczema, bleeding, itching or protruding piles, ulcers, boils, carbuncles, chapped hands and chilblains. In cuts, burns, scalds and bruises, it relieves pain and healing, 30c, 60c and \$1.20 a jar. By mail or receipt of price if your druggist is out of it or does not keep it.

SAN CURA SOAP.

The Annual Spring Sale and Exhibition of "QUALITY SILKS"

Thousands of Yards of Fashionable New Silks Attractively Priced

ONE WEEK BEGINNING WEDNESDAY

ONE WEEK BEGINNING WEDNESDAY

SILK is this wartime fabric. When one stops to realize the great number of looms formerly devoted to weaving woolens and now diverted to military requirements, we can realize that SILK is to be a much used fabric in the apparel of women—and, strange though it may seem, the least expensive—comparatively speaking. THE FIRST DISPLAY IS NONE TOO EARLY as Easter is less than a month away and time will be necessary to turn these exquisite fabrics into beautiful garments—so women should not wait. You will be chiefly interested in the splendid qualities, novel designs, exquisite colorings and attractive prices.

Plain Silks and Satins

—40 inch Crepe Meteor in navy, brown, taupe, copen, grey, white, old rose,—at \$3.00 the yard.

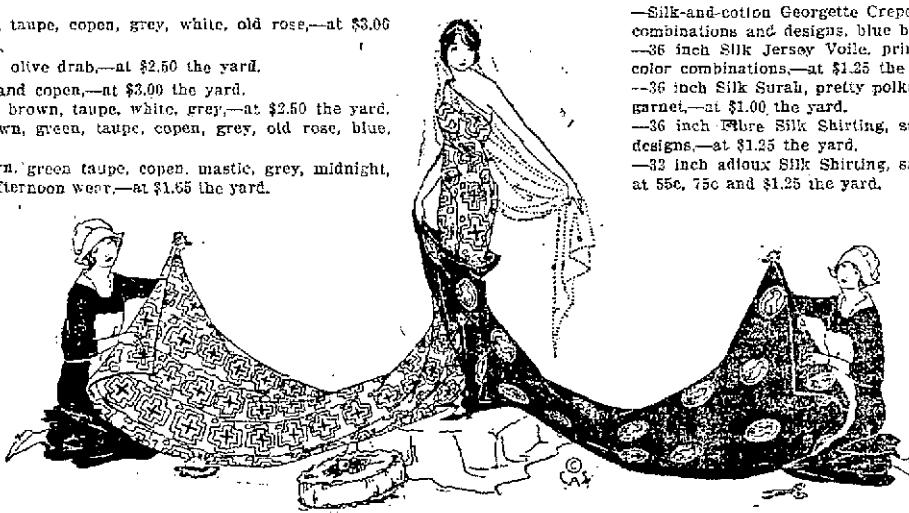

—40 inch Satin Charmeuse in navy and olive drab,—at \$2.50 the yard.

—40 inch Crepe Taffeta in navy, green and copen,—at \$3.00 the yard.

—36 inch Satin de Luxe, in navy, green, brown, taupe, white, grey,—at \$2.50 the yard.

—10 inch Crepe de Chine, in navy, brown, green, taupe, copen, grey, old rose, blue, yellow, white,—at \$2.25 the yard.

—36 inch Satin Messaline in navy, brown, green, taupe, copen, mastic, grey, midnight, purple, garnet,—at \$1.65 the yard.

Fancy Silk

Foulards

Latest shades for Easter and Spring wear, 36 and 40 inches wide, smart designs, at \$2, \$2.50, \$3 a yard.

Washable Silks!

—"Sans Gane"—a washable silk 36 inches wide and suitable for Men's Silk Shirts or ladies' tailored waists. Stripes in various color combinations. Will wear and launder well. Price \$2.00 the yard.

—36 inch Washable Satin, fush color, suitable for under garments,—at \$2.00 the yard.

Novelty Silks!

Plaid silks, checks and stripes, suitable for street sports, and formal wear. Taffeta or satin grounds in various color combinations. 36 inches wide at \$2, \$2.50, \$2.75, \$3 the yard.

—"Sans Gane"—a washable silk 36 inches wide and suitable for Men's Silk Shirts or ladies' tailored waists. Stripes in various color combinations. Will wear and launder well. Price \$2.00 the yard.

—Black Crepe de Chine, 40 inches wide, at \$2.25 the yd.

—Black Chiffon Taffeta, 36 inches wide, at \$1.50, \$1.65 and \$2.00 the yard.

—Black Moneybok Taffeta, 36 inches wide, at \$2.50 the yard.

—Black Crepe Taffeta, 40 inches wide, at \$3.00 the yard.

—Black Crepe Meteor, 40 inches wide, at \$3.00 the yard.

—Black Satin Charmeuse, 40 inches wide, at \$2.50 yd.

—Black Mossaline, 36 inches wide, at \$1.65 the yard.

—Black Silk Poplin, 40 inches wide, at \$1.75 the yard.

Fashionable Black Silks

In Wide and Pleasing Assortment

—Black Crepe de Chine, 40 inches wide, at \$2.25 the yd.

—Black Chiffon Taffeta, 36 inches wide, at \$1.50, \$1.65 and \$2.00 the yard.

—Black Moneybok Taffeta, 36 inches wide, at \$2.50 the yard.

—Black Crepe Taffeta, 40 inches wide, at \$3.00 the yard.

—Black Crepe Meteor, 40 inches wide, at \$3.00 the yard.

—Black Satin Charmeuse, 40 inches wide, at \$2.50 yd.

—Black Mossaline, 36 inches wide, at \$1.65 the yard.

—Black Silk Poplin, 40 inches wide, at \$1.75 the yard.

Other Silks!

—36 inch Chiffon Taffeta, choice of 10 new shades,—at \$1.65, \$2.00 the yard.

—27 inch Chintz Silk, various colors, at 60c the yard.

—New spring line of A B C, Aledo, and Foulards, in good plain shades, 36 inches wide, at 65c and 55c the yard.

—40 inch Silk-and-Cotton Foulards, Persian designs, at \$1.50 the yard.

Silk Dress Poplins!

—Rich Silk Dress Poplins, 40 inches wide, in French blue, navy, green, taupe, mole and brown,—to sell at \$1.75 the yard.

Materials and Colors

From one of the most extensive varieties of smart and serviceable materials we have ever shown, we offer the following as particularly noteworthy:—Serge, poplin, gabardine, tricotine, Poiret Twill, Silverstone® Covert and Bobbin. Choose one of these and you will be most smartly dressed.

The new edges are equally varied with Fashion, showing greatest favor to Pekin blue, black, navy, tan, copen, tan, mixtures, infantry blue and rookie.

Every coat has pockets, shaped to add style as well as for convenience. Some have side belts while others are belted all around. Fancy convertible collars and button trimmings featured. All sizes for women and misses at—

\$15, \$19.75, \$25 to \$79.50

Women's and Misses' Models of the Wanted Good Quality and Style Distinction

Plain tailored and semi-tailored models—some in charming variations of the Eton styles. Fancy detachable waistcoats are much in evidence on some of the smartest models—and as usual a representative showing of good sports styles.

New Materials and Colors

Pretty models in serge, gabardine and poplin vie for milady's favor with tricotine, velour, checks, jerseys, burlap and silverstone. Each is handsome, stylish and serviceable.

The color range allows plenty of latitude in choosing from its ranks of navy, tan, grey, copen, taupe, Pekin, blue, Sammle, rookie and infantry blue. All are correct—it's a matter of individual preference.

Comparison will prove them the finest values you'll find at—

\$25 up to \$69.50
